DATA ARTS (FORMERLY THE CULTURAL DATA PROJECT)

All Community Arts Grants applicants will be required to **submit their organization’s fiscal information through DataArts**. DataArts, formerly the Cultural Data Project, was founded to bring the language and leverage of data to the business of culture. The Cultural Data Profile (CDP) is DataArts’ flagship service, which thousands of cultural nonprofits use annually to report their financial and programmatic information. DataArts seeks to be a catalyst for data-informed decision-making.

The data you provide serves multiple purposes. With it, you can apply for grants, get a clear picture of your organization’s progress, inform your decision-making, and make a stronger case to stakeholders. Enter data once and share it with multiple grant makers and service organizations. Additional features, include the ability to search for new grant opportunities, and use reports and data visualizations to make more informed decisions and tell your organization’s story.

General operating support applicants will need to generate a report based on the organization’s three (3) most recently completed fiscal years. **Project applicants** will need to generate a Funder Report based on the organization’s last completed fiscal year. For assistance on how to generate your Funder Report through Data Arts click [here](#). **Applicants are required to submit their Funder Reports as an attachment to their application. Scottsdale Arts will not have access to this information otherwise.** (Micro-project grant applicants are exempt from this requirement).

For more information about DataArts, and assistance with your Funder report, contact DataArts Support Center at 877-707-3282 or help@culturaldata.org. Additional resources: [In-person and Online Workshops](#), [Searchable Knowledgebase](#), [Educational Video Library](#), [Free Online Courses](#)

PROJECT BUDGET (MICRO-PROJECT AND PROJECT GRANTS ONLY)

Project applicants must submit a **project budget form** which outlines the projected income and expenses for the length of the project. Budget should be balanced, realistic and relevant to the services provided by the project to the Scottsdale community. Additionally, a project budget narrative is required (as part of the project/micro-project grant application). The Project Budget form may be found on the Scottsdale Arts website: <https://scottsdalearts.org/community-arts-grant-program/>

FACILITIES USE FOR REHEARSALS/PERFORMANCES/EVENTS

Applicants who are soliciting funds for the purpose of renting space/venues to hold rehearsals, performances or events are strongly encouraged to apply to the Scottsdale Center for the Performing Arts’ (“SCPA”) Non-Profit Rental Support Program (“NPRSP”). The NPRSP provides qualifying organizations with a rental fee waiver, providing the organization the opportunity to utilize SCPA facilities for a reduced cost (other SCPA charges may apply). This policy is intended to provide a structure and process for providing rental fee support to community organizations, which is open, transparent, legal and equitable, and furthers the aims and objectives of Scottsdale Arts.
